

THE MUIRFIELD

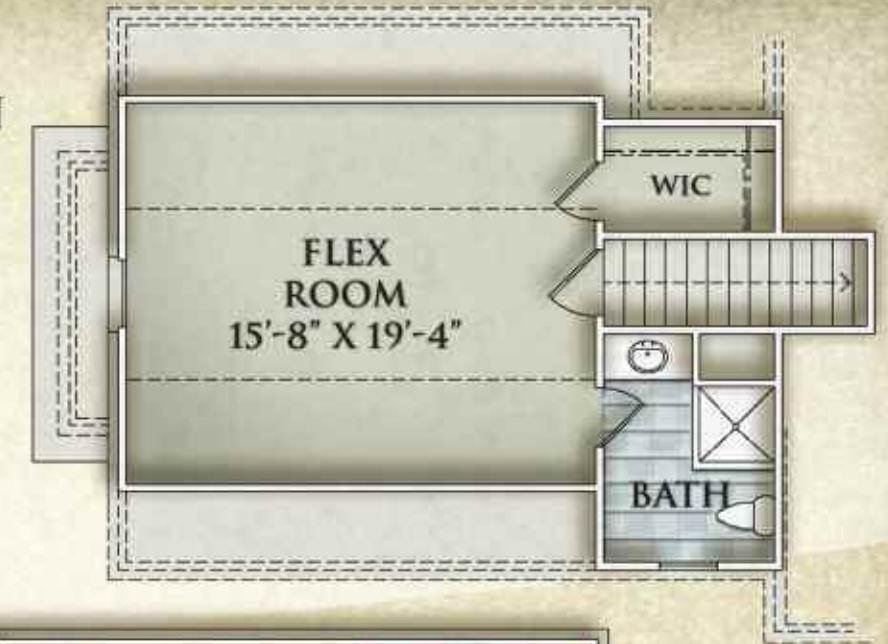

2,770 square feet

3 bedrooms, 3 baths, and flex room

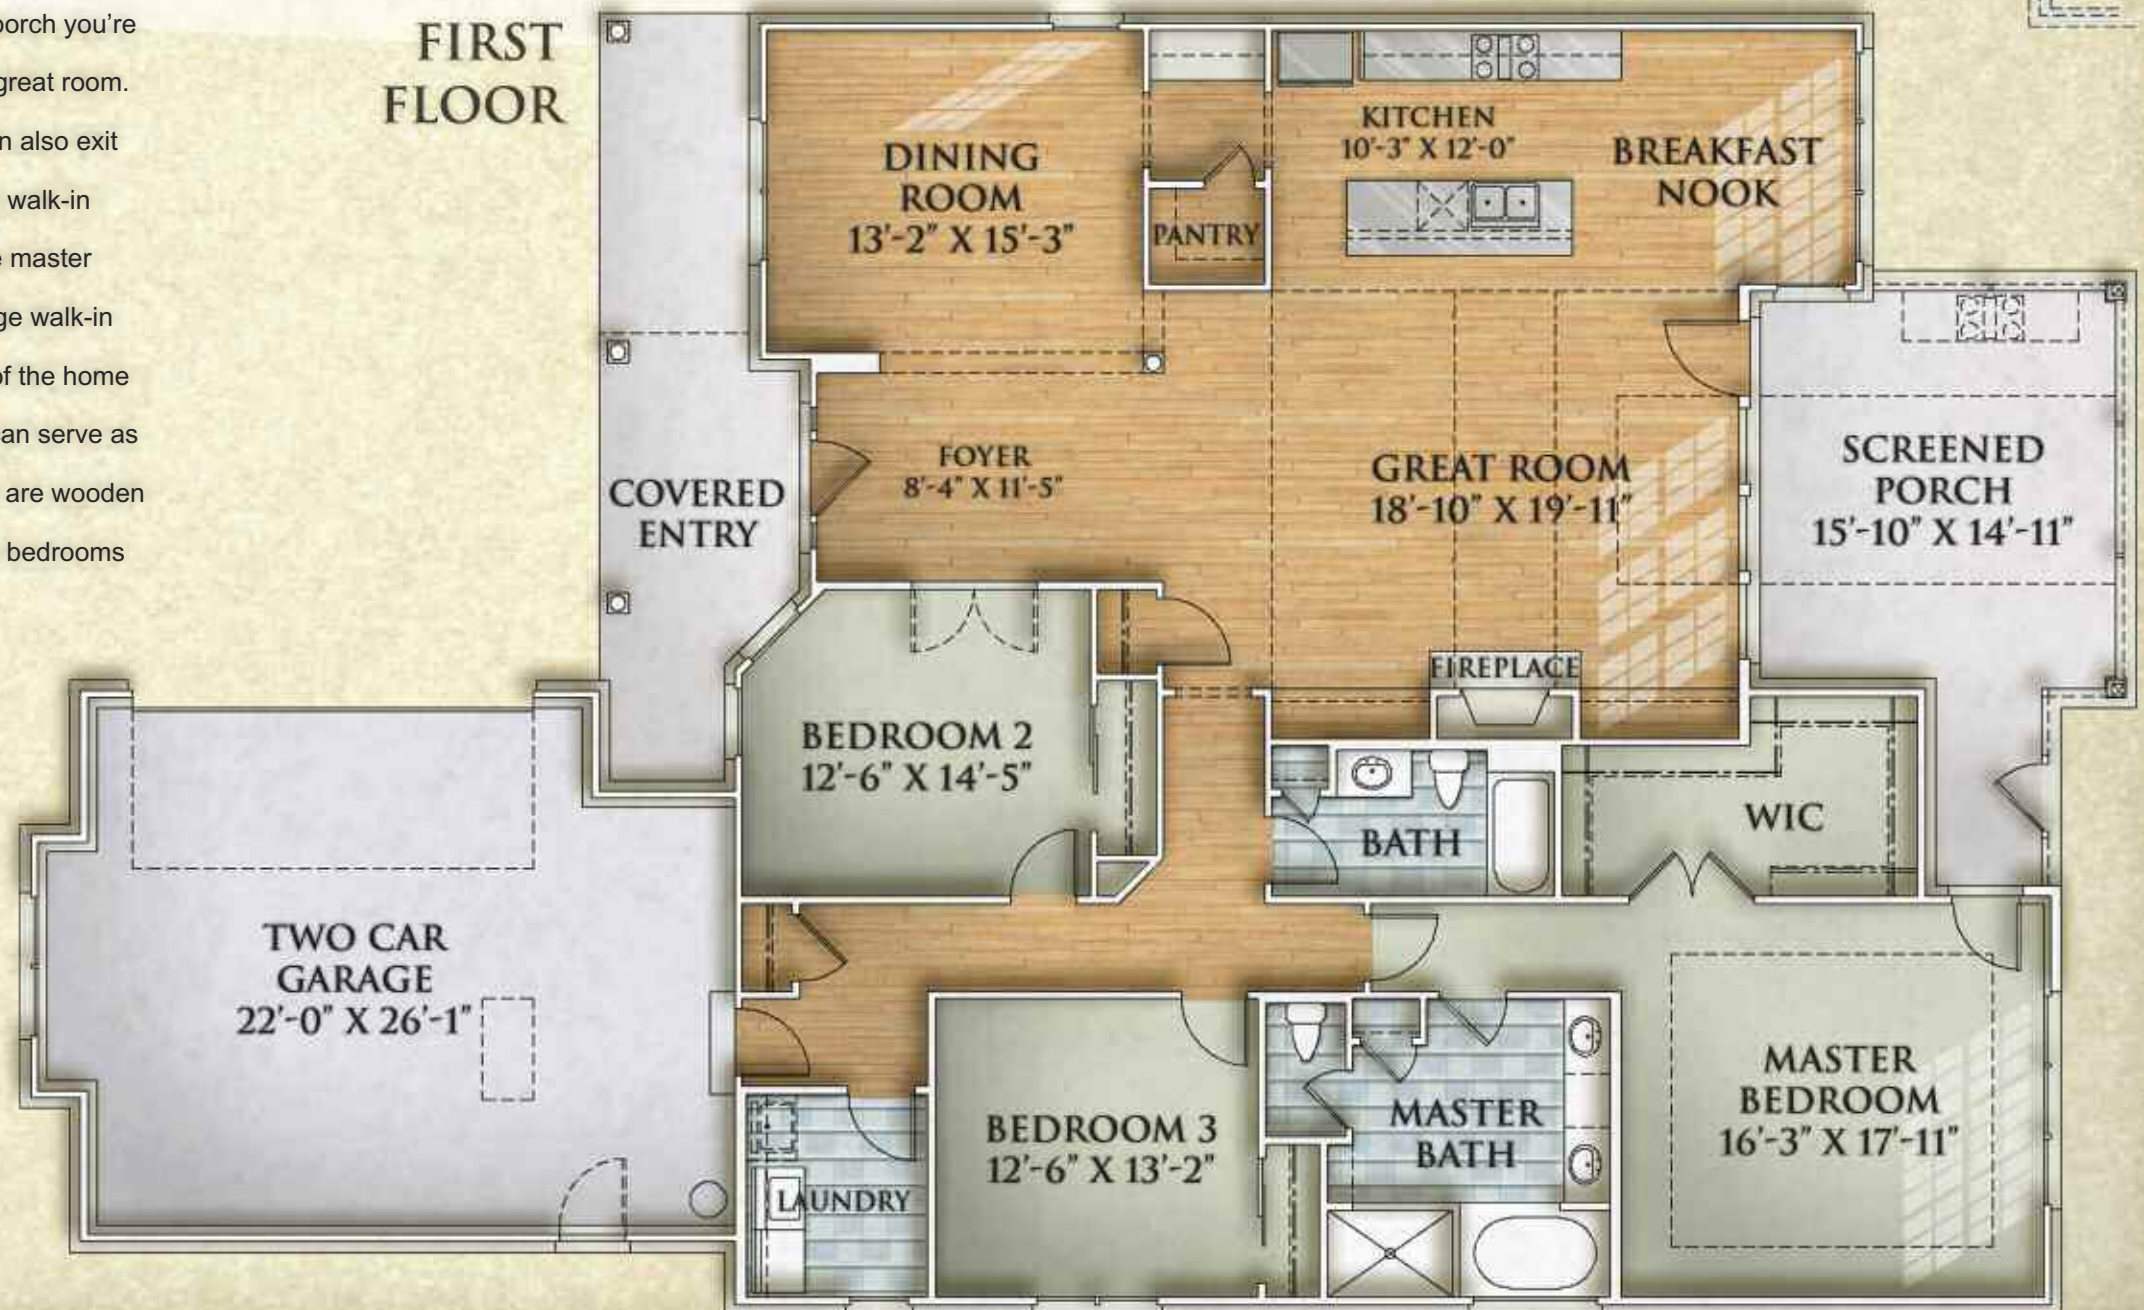

Open, Light, Airy and Traditional

An open floor plan with plenty of windows washes this home in light and space. Entering the foyer off the covered porch you're taken past the large dining room and into a vaulted great room. Opening into the kitchen with breakfast nook you can also exit onto a wide screened porch. The kitchen features a walk-in pantry, sure to be loved by the chefs in all of us. The master bedroom and master bath are lavish, including a huge walk-in closet. Bedrooms two and three are near the front of the home while the flex room above the garage with full bath can serve as a fourth bedroom, a home theater or a study. There are wooden floors throughout this terrific design, carpeting in the bedrooms and tile flooring in all the baths.
